**Dr. Hubert Moss** and his wife, Mary, have generously endowed this lectureship as a reflection of their commitment to the educational goals of academic and community dermatology. Dr. Moss hosted visiting lecturers for more than 16 years as a private, and later, University physician. The fund was established upon his retirement to continue this ideal. We are grateful to Hubert, Mary and the Moss family for their support, their vision of teaching, and for serving as role models for continued learning.
